## MEASURING YOUR FINGER

**Your ring should fit your finger comfortably;** snug enough so that it will not fall off, but loose enough to slide over your knuckle.

**Finger size changes** depending on the time of day and the weather. For best results measure your finger size:

1. At the end of the day and when your fingers are warm (Fingers are smaller in the early morning and when cold.)
2. Measure finger size 3 to 4 times to eliminate an erroneous reading.

**Avoid using string or paper** to measure ring size as these materials can stretch or twist, yielding an inaccurate measurement.
